RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Office Action dated December 15, 2004, applicant provisionally elects the claims of Group I (claims 1-8 and 12-18), with traverse. While the device of Group I and the method of Group II may be distinct for the reasons set forth by the Examiner, applicant believes that simultaneous examination will not present an undue burden. For example, the claims of Group I are drawn to a non-volatile memory cell and the claims of Group II are drawn to a method of forming a non-volatile memory cell. Indeed, the subject matter in the claims of both Groups can be commonly found in class 257.
